## ENGINEERING

**PROMSTAL**  
**ENGINEERING**

STEELWORK FOR CIVIL ENGINEERING AND  
THE CONSTRUCTION INDUSTRY

# OUR RANGE

**A. Technological structures**

**B. Steel Halls**

**C. Industrial mezzanines**

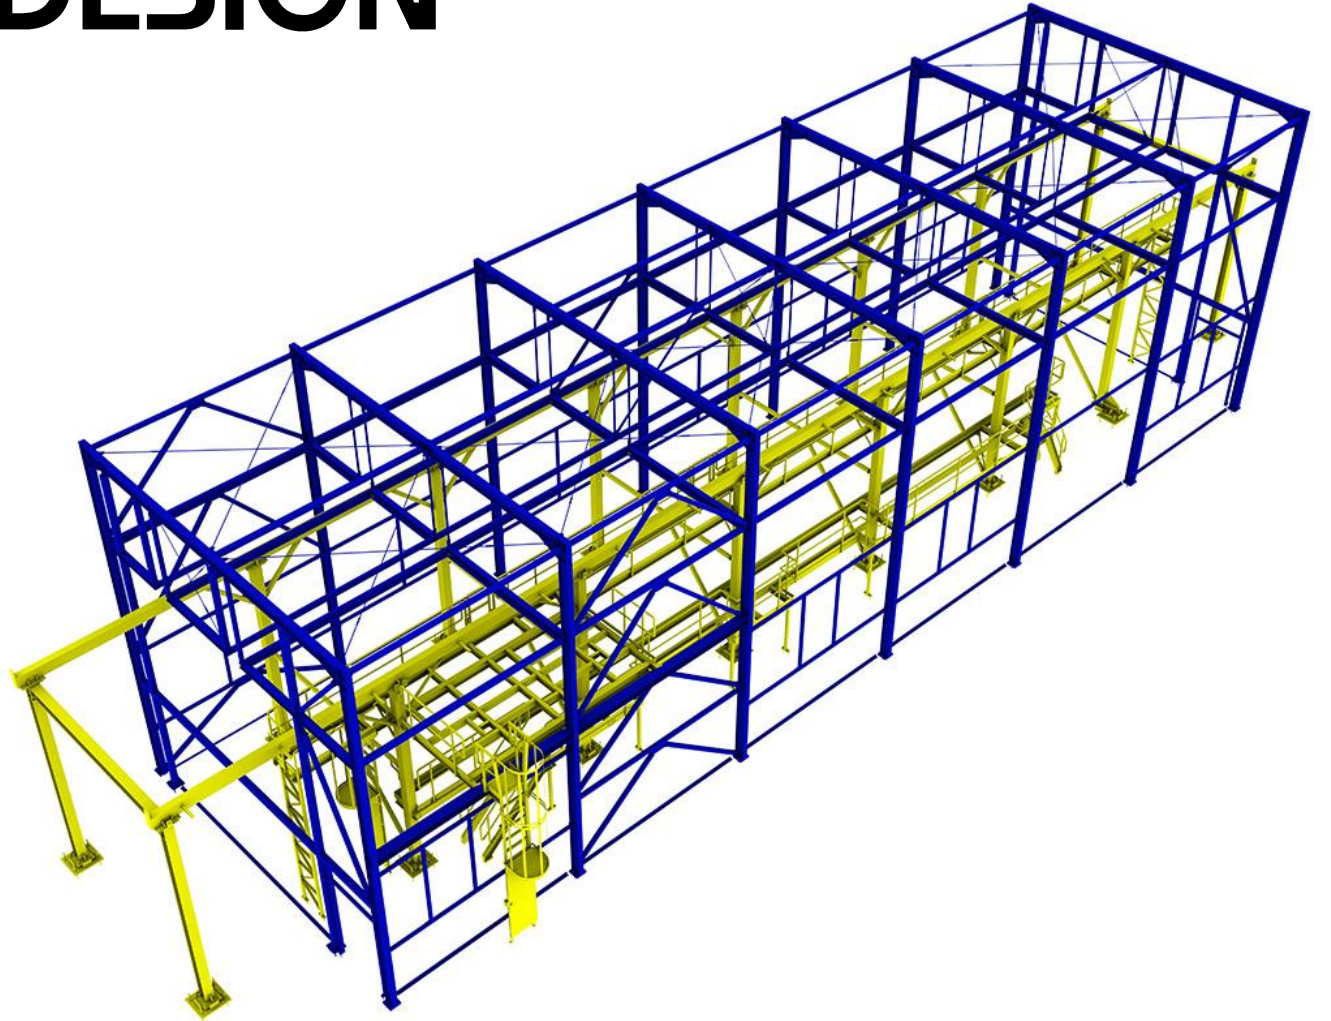

**D. Modular buildings**

# ENGINEERING / DESIGN

- Structural analysis
- 3D BIM modelling
- Production drawing
- Site supervision
- International projects
- High-end software
- Cloud 3D model sharing

**12**  
ENGINEERS

**500+**  
ACCOMPLISHED  
PROJECTS

 **Tekla.**  
Structures

 **SCIA**  
A NEMETSCHKE COMPANY

 **Trimble**  
Connect

# PRODUCTION OF STEELWORK

- Workshop capacity cca. 1000 t / year
- Certification grade EXC3 acc. EN 1090, ISO 9001:2015, EN ISO 3834:2005
- Quality control of all structural parts

# CONSTRUCTION / STEELWORK INSTALLATION

- General building supplier
- On site project management
- Cranes and other lifting devices
- Various complexity
- Worldwide reach
- Conformity with european standards
- Complex scope of building delivery included foundations and concrete work

**PROMSTAL**  
**ENGINEERING**

REFERENCE PROJECTS

# Production plant for the mining industry

Czech Republic

Design, steelwork delivery & construction

# Production plant for the mining industry

Czech Republic  
Design, steelwork delivery & construction

# Airport service terminal

France

Design & steelwork delivery

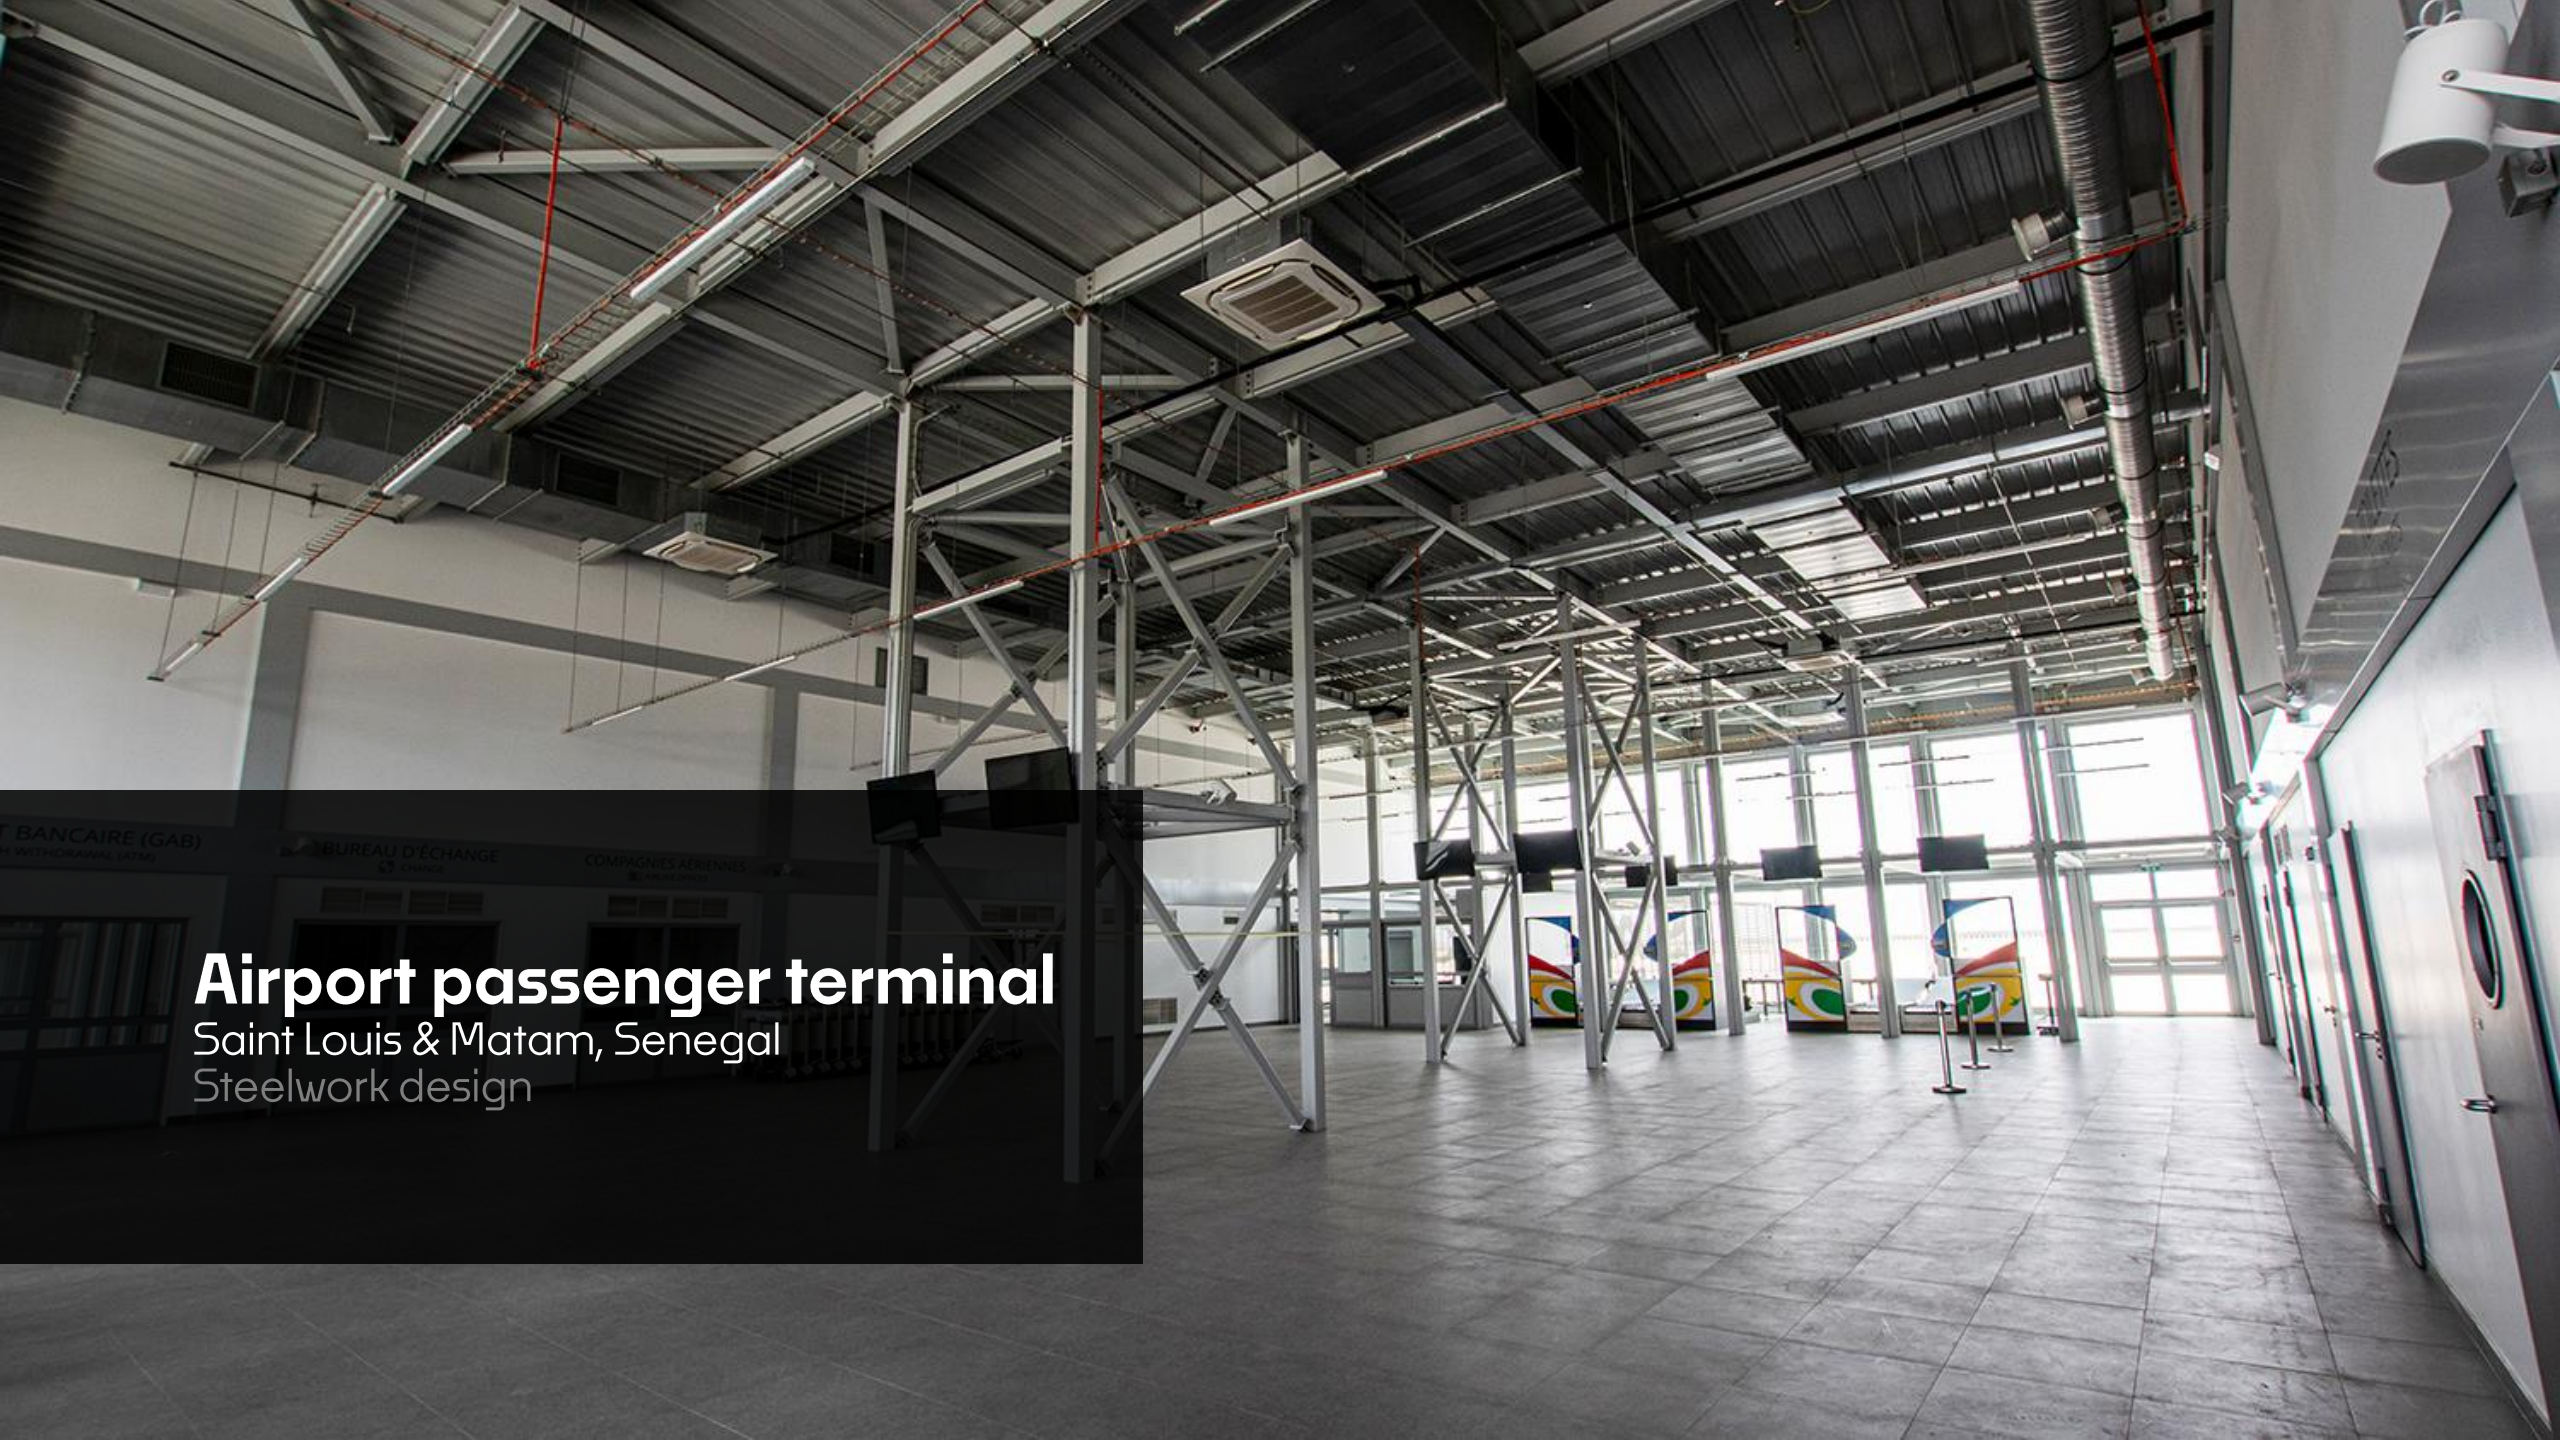

**Airport service terminal**  
France  
Design & steelwork delivery

## **Airport passenger terminal**

Saint Louis & Matam, Senegal

Steelwork design

**Airport passenger terminal**
